California Bankers Association is offering multiple delivery methods of Continuing Education under our InReach Banking link. We will be providing more live Webinars targeted to a more advanced audience in addition to new programs for our current members. Whether you are looking to supplement your current education plan or trying to save expenses, what better way to obtain high quality education and save money?

Tele-Web Seminars (Webinars) offer the opportunity to participate in Live Presentations and have Real-Time interaction with the seminar speaker(s). Handout materials are available in digital format. You will be provided with a Telephone Number and PIN assigned specifically to them to access the call and track participation. [Learn More...](#)

Downloadable Audio (Podcast). Take advantage of downloading your education to your computer and MP3 player. You can listen to your seminar and follow along with the PowerPoint presentation in note-taking format. [Learn More...](#)

On-Demand Seminars are Webinars that have been recorded and then put into a format to watch at your convenience. Based on hectic schedules and having adequate coverage at the bank at all times, this method of delivery for Continuing Education had become very popular for many reasons. The program can be viewed at any time with 24 hour availability. You can watch a portion of the program and come back and pick up where you left off! You also have the advantage of being able to review the program at will in case you need a refresher. Anyone at your branch can access the program from a computer using the login and password.
